Within the business they are known in the industry as providing strong and durable machines that meets all the needs of larger infrastructure and heavy industry. Products made in America; the sales are conducted nation- wide via national accounts, authorized distributors and direct Government sales.

The Clark Company, of Nilfisk Advance, and American Lincoln share the battery operated walk-behind version of floor scrubber. Clark has their manufacturing facilities in Springdale Arkansas. These scrubbers are on the market under the trade mark name "Encore". American Lincoln could supply machinery, parts and warranty service for these scrubbers which have both the Encore and Clarke logos.

The 7765 floor scrubber model is the choice machine of big distribution centers like Wal-Mart and Target. The 7765 line has earned the respect of numerous facility supervisors where efficiency and results make a difference. Recently, this floor scrubber model has been used by the architects in different construction projects such as Lowes Home Improvement Stores and Home Depot's. Flooring contractors use this sweeper scrubber on location due to the model's excellent quality and supreme performance level for polishing concrete.
