

Advance Sweeper Parts

Think about how tiresome it will be to tidy up your home after having a big party, with out assistance from cleaning machines. In the past, the time carpets and upholstery had the dirt beat out of them by hand; brushes, brooms and cleaning cloths were the leading cleaning materials back then.

P.A. Fisker, the man who established Nilfisk-Advance, was an electrical engineer who loved working with electrical motors. Starting the company in 1906, he began to produce motors to be able to drive drills, fans, machine tools and coffee grinders. Mr. Fisker's dream from the start was to have an international company advertising merchandise internationally.

The Nilfisk C1 was a remarkable breakthrough for the cleaning business. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed just 17.5 kilos and could be operated by one individual. This invention came in a time where numerous cleaning machines were huge and needed at least 4 operators, hence, the Nilfisk C1 transformed everything and developed the way we clean forever. The mastermind behind these first cleaning equipment remains unparalleled. Cleaning machines offer an excellent solution to an ongoing problem; things get filthy and need to be cleaned regularly, without a lot of effort.

Slowly but progressively, Nilfisk-Advance grew through the decades. During the nineteen eighties, this development really happened when the company became a part of the NKT Group. Their new owners' ambition and concentration made Nilfisk-Advance take a huge leap ahead within the business, aiming to be one of the largest global players in the market of professional cleaning equipment. Nilfisk-Advance is currently found in every part of the globe by gradually obtaining a lot of smaller businesses so as to develop their product selection and presence in new markets. They are proud to provide a range of cleaning solutions to meet each need.
